I m satisfied with the teaching of our teachers

They should cover the syllabus in time

Observations..From my opinion..Teachers must take a serious class ..cuz some Teachers they take only attendance ...Teachers also must explain the notes which they dicted on the class,and also explain the notes which they sent through WhatsApp....Suggestion ..Teachers must conduct a test at least twice in a weak...so that student will take a serious study..That's all

They should cover the syllabus on time

Many of the teacher's are well teaching and I've learnt a lot from them . In my opinion teacher's can do better than this to make us better and more better

Teachers or institution should focus on the strengths and weakness of the students, so that, they can improve the mental ability of the students to prepare for their future.
